

## Commuting Patterns

- In 2000, 77,729 persons worked in the TENCO WIA, 15,924 of whom commuted into the region. More persons commuted out of the TENCO WIA than commuted into the WIA; 17,914 residents worked outside the WIA, 48% of whom commuted out of Kentucky (Census 2000).
- Boyd, Mason, Montgomery, and Rowan Counties were net-importers of labor in 2000.
- In Kentucky, 30.3% of workers commuted outside their county of residence. In half of the counties in the TENCO WIA, more than half of the workers commuted out of their county of residence (Bath, Bracken, Greenup, Lewis, and Robertson Counties). The percentage of workers who commuted outside their county of residence ranged from 20.9% in Mason County to 66.7% in Bracken County.
- The Table below shows the 1990 and 2000 Kentucky commuting patterns into and out of the bordering states. Notice that there was a net loss of workers to the bordering states in 1990, but a net gain in 2000, due in large part to persons from Ohio commuting into the Northern Kentucky WIA. In the TENCO region, 8,609 persons commuted out of state, while 8,237 residents of other states commuted in, the majority into Boyd County.

Kentucky Commuting Patterns by Bordering States  
1990 – 2000

| State                   | 1990             |                   |                           | 2000             |                   |                           |

A map of Missouri showing all 115 counties. Bath County is highlighted in dark gray. The map includes labels for all counties, with Bath County located in the central-eastern part of the state, bordered by Boone, Howard, and Randolph counties to the north, and Monroe, Randolph, and Lawrence counties to the east. The map is oriented with the state's outline, showing the Mississippi River to the east and the Arkansas River to the south.
